

## 2009 Contemporary Ushers and Greeters

### Begin around 10:50 am

The Usher and Greeter jobs are very similar in the Contemporary Service. Ushers are usually located at the center door going into the sanctuary, handing out bulletins and assisting people with seating, if needed. Also ushers verify that the attendance pads have been placed on the pews prior to the service starting. (Usually the Set-up Deacon will do this, but just make sure they are already out, and if they aren't, please do so.)

Greeters are located at the North Glass doors coming into the Narthex and the South Glass doors coming from the Education Wing into the Narthex. Please check with the Ushers to see if they need help with the bulletins. Ideally, we like to have 2 ushers and 2 greeters per service. However, if we come up short of those numbers, please help where needed, whether you are a greeter or an usher. Also, please wear your name tag.
