FOR

SERVICE

2009

First Christian Church

Stillwater, OK

HOW TO USE THIS BOOKLET

This booklet contains brief descriptions of **service and ministry opportunities** in the Worship & Welcome, Disciple Development and Administration departments of First Christian Church. When used in association with the Service Pledge form this booklet should prove to a valuable tool for helping you find a place of service.

Upon receiving this booklet, take a few moments to review the areas in which you have an interest. Each service opportunity requires a **one-year commitment**. The **ID number** in the far-left column corresponds with the ID number on the Service Pledge form for a particular service or ministry.

In the **Description of Service**, when the words “**adult**” or “**youth**” are used, volunteers only need willing hearts and hands to participate in this ministry. When the word “**member**” is used, volunteers also need to be members of the church.

The word “**needed**” is used in the description of service to identify those ministries that have been determined as mandatory for the function of the church. If participation in these ministries is insufficient for the service required, people will be recruited for these ministries as needed.

The word “**invited**” is used in the description of service to identify those ministries that are desired but not mandatory for the function of the church. If participation in these ministries is insufficient for the service required, people will not be recruited for these ministries. The ministries will be postponed until sufficient volunteers step forward to participate.

The **Frequency of Service** column indicates how often (weekly, monthly, etc.) a volunteer would serve in that area. Note that when the words “**rotation basis**” are used, the frequency of service will depend on the number of volunteers that commit to serve. The **Estimated Time** column indicates how long (each week, month, etc.) a volunteer would serve in that area. Please consider these factors when you make your service selection (s).

Training will be provided by department directors and coordinators to aid all volunteers to do their chosen ministries to the best of their abilities. Training will start in December and January. The year of service will begin in January or February depending on the ministry.

When filling out your Service Pledge form, first note all the various opportunities for service that are of interest to you. Then, prayerfully consider the time that you have available to serve in the various ministries of the church. Finally select those areas of service for which you would be willing to commit your time and talent for the coming year.
